

Home Learning

All children are expected to complete activities at home in order to reinforce and consolidate their learning.

Home learning is set regularly during the week and can take the form of reading, spelling, multiplication tables, mental maths or activities linked to a classroom focus. We use online platforms to help enthuse the children and to keep accurate records of how they are doing. Each class has their individual expectations for home learning, so chat with the class teacher about what is required. Although home

learning is set on a regular basis, we try to strike a balance so that children also have time to participate in their leisure activities.

Throughout the year we aim to organise events at which parents can find out more about the curriculum, and ways in which you can help your child at home.

Langley Fitzurse School also invites parents and/or guardians to sign our home school agreement. This is another way of developing the home-school links we believe to be so important.

School & Worship Councils

All children have the opportunity to be elected by classmates to be class councillors and subsequently meet every term as a school council.

KS2 children are also able to be part of the school's Worship Council, which supports the school's Christian ethos.

Langley Fitzurse PTA

The parents and friends of the school are an active and extremely supportive body of people. You will be welcomed by them. The children benefit tremendously from the work of Langley Fitzurse PTA raising money for items such as

playground apparatus, ICT equipment, audio visual equipment, coach trips, theatre visits, and developing the school building. Please contact us if you are interested in joining our PTA.
