

Year 1 and Year 2 Class Newsletter

Wow! What a fantastic term we have had, and it has been quite a way to start 2025. The children have really enjoyed our topic The Big Freeze and have loved finding out about the Arctic, its wildlife and habitats. A favourite was our ‘blubber’ experiment to discover how it keeps Arctic Animals Warm.

We finished our topic with a fantastic Arctic Explorers Day. We had to transport ice blocks on a sledge, have a team-ski, created Arctic Foxes and penguins, as well as snowflake biscuits.

We really enjoyed our Christingle Experience at the church, learning about the different parts of the Christingle and what they mean. When we came to make our own, we were able to explain to our helpers the meaning of the different parts.

We have been Artists this term and created our own amazing winter landscapes in the style of Caspar David Friedrich. We have had lots of compliments from staff and other children. Please do come and have a look.

Looking forward to next term, our PE days will continue to be Tuesday and Friday. Children should come into school in their PE kits on those days. On Fridays, Reading Records are checked and children who have read 4 times or more are given a raffle ticket and enter our reading raffle.

Our topic in Term 4 is called Where do I live? As part of this, we will be going on a walk around our village and taking part in a science investigation. Weather dependent, we are hoping to do this in week 5, Friday 28th of March, first thing in the morning. If you are able to help please let the school office know.

Thank you for all your support this term and we look forward to working with you in term 4. Have a relaxing and enjoyable half term break.

The Year 1 and Year 2 Team
