- Using the coding programme Scratch to design an information story and teeth which links to our Science topic

Science:

- Food chains, digestion and teeth will be explored this term.
- We will be looking what animals are herbivores, carnivores and omnivores.
- What makes up the digestive system and how it works
- Naming the teeth and how to look after them

Humanities:

- In History we are learning about Vikings. We are drawing on prior learning from last term when we looked at Anglo-Saxons and comparing

Art/DT:

- Looking at Viking artwork and exploring patterns.
- The children will be using a range of materials to re-create their own Viking pattern.

Music/Singing:

- Charanga Theme – Compose with your friends.
- Tonic and dominant notes and how they function in melody
- Singing, glockenspiel playing, improvisation, listening skills, elements of music, question and answer rhythms

French:

- **Year 3** will be able to recognise, recall, remember and spell up to 10 animals. Building their first sentences with verbs.
- **Year 4** will be listening to goldilocks and the three bear in

PSHE:

- Valuing differences
- We will be learning how to sort out disagreements with friends, stereotyping, being respectful to different people's choices.

PE:

- Swimming the children will be attending the Olympiad for their lessons.
- Football we will be learning how to pass and control the ball. How and why we use long pass instead of dribbling through the opposition, as well as movement off the ball to influence play.

RE:

- We will be learning about the religion Sikhism.
- How they worship their God and the name of their God.
- Discussing the links between being a Sikh and Christian.

Spring Term 3
