

Planets Mnemonic

A mnemonic is a way of remembering something. We can make a sentence out of the first letter of each word in a sequence to help us remember it.

For example, we can remember how to spell 'because' by remembering the mnemonic: **B**ig **E**lephants **C**an **A**lways **U**nderstand **S**mall **E**lephants.

On the lines below, create a mnemonic to remember the order of the planets.
