What Parents & Educators Need to Know about EA SPORTS FC 26

Our guide looks at the risks surrounding EA Sports FC 26 and our top tips to minimise them. This marks the third year since EA left the FIFA licence, and the game is mostly unchanged from last year. While Kick-Off mode is great for playing with friends and Career Mode allows players to fulfil long-term ambitions as a manager or player, Ultimate Team remains the main draw for many players – and it can get out of hand in terms of how much money players can invest.

WHAT ARE THE RISKS?

AN ANNUAL RELEASE SCHEDULE

As was the case with the last two EA Sports FC games and the FIFA series before it, the franchise rolls out once a year with updated squads and new features. This can make it expensive to keep up with, particularly when so many dedicated players are keen to get their hands on the latest edition.

VOICE CHAT

Voice chat can be enabled across all platforms, meaning young people can speak to anyone they play with or against. While it can be switched off, some children will no doubt want to speak to their friends while they play. This also means they may encounter strangers much older than them, which can expose them to inappropriate language or behaviours.

IN-GAME PURCHASES THROUGH ULTIMATE TEAM

Ultimate Team is the big draw for EA Sports FC, letting players spend real money on packs that they can open to build a squad of the world's best players. They're not always easy to obtain, and new, improved versions of players will be regularly added as limited-time offerings. Young people

SCAMMERS IN ULTIMATE TEAM

Ultimate Team is managed by EA itself, but that hasn't stopped scammers from looking to dupe players out of money and in-game coins. Some scammers sell their accounts, which is a violation of EA's terms of service, while others will 'sell' coins – something the developer is still working to crack down on. Some try to gain access to others' accounts, potentially giving them access to payment information.

POTENTIAL FOR ADDICTION

While EA Sports FC is potentially addictive, thanks to its fast-paced gameplay and mirroring of the real-world skill and glamour of football, Ultimate Team's focus on limited-time rewards and the lottery of winning packs can make it feel closer to gambling than gaming, which may lead to addiction and impulsive spending of money.
